WELCOME TO LAGOS

EKO 2023

Welcome to Lagos, the largest West African city, the third largest city in Africa with about 15 million people and the 4th largest economy in Africa. It essentially consists of Mainland and Island in terms of socioeconomic distribution of the population. It is bordered by other southwestern states such as Ogun and Oyo states and the Atlantic Ocean towards the southern part of the state. Accessibility to Lagos is very good either by road, sea (boat) or by air. Travelling to Lagos from various airports within the country is usually within one hour of flight. The international Airport is also readily accessible to anyone flying into the country for the conference.

There are many resort centers on the mainland and the Island. They include Museum, Lekki Conservation Park, Ocean Fronts, Beaches, Takwa bay, Silverbird galleria, Ozone galleria, Ndubuisi Kanu Park and so on. Your journey to Lagos will be memorable if you take out time to visit these exciting locations.

CALL FOR ABSTRACTS
